Missionary Spotlight

Ryan Thiessen

Praise God for another class of students who have just completed a core part of our ministry, 15 weeks of intensive ministry training. This past Friday 11 students graduated, coming from four different states in Mexico, ranging in age from 20 to 58. We have been greatly encouraged to see God at work in each one of their lives in many ways: A great willingness to learn in the classroom, right till the end. Incredible growth in character in each one of them as they have navigated through interpersonal conflicts and become a solid, unified group who genuinely cares for each other. Stories of how God stretched them and worked through them as they participated in the many new ministry experiences each weekend. We as a staff are grateful for those who have lifted us up in prayer over these past months. God bless each one of you!
